Outside the Store It's 99. Inside the Store It's 79. Our Soda-Water Is 39. That is what the thermometer says and somehow or other the thermometer

has a good deal to do with it. This Soda-Water selling isn't an incident in our business-we are pushing it for & all it is worth. There is only one way to do that-sell the best. The best in the Soda-Water Business is the purest extracts of fruits for flavoring; purest claret for claret limeade. If you want a drink suggestion just look at our bulletin-board on the corner.
